Carl

Dear Sir,

We have been asked by our members in the British friction materials industry in the U.K. to put their views to you on the proposed Illinois State Regulations concerning asbestos and asbestos products. We enclose herewith their comments on the friction material aspect of these draft Regulations.

We have no doubt that the American lining manufacturers will be making strong representations to the Illinois authorities for amendments to the proposals and perhaps you could let us know their comments. We shall also be grateful if you could make our views known as set out in this enclosure.

Yours faithfully,

John Lewis
