Dear Mr. Voiland:

REFERENCE: SHELL OIL COMPANY/SHELL OFFSHORE, INC. SERVICE AGREEMENT
EFFECTIVE JANUARY 1, 1982

Enclosed are the final reports of the Environmental and Health & Safety Compliance Assessment Reviews (CAR) conducted by Shell Oil Company's Health, Safety and Environmental organization during June, 1988, covering several Production Units in the Division.

In accordance with established CAR procedures, a follow-up response from the Division is required for those findings classified as "Serious Deficiencies" or "Concerns". No "Serious Deficiencies" were determined to exist in these reviews. This response should be made to Head Office, E&P, Production, Safety and Environmental Affairs as described in Mr. J. E. Little's letter dated October 5, 1987 and in Mr. L. G. Otteman's letter dated February 3, 1988.

Copies of any draft reports or preliminary summaries which may have been left at the location should be returned to this office at this time.

We appreciate the cooperation and assistance of your staff during these reviews.

Very truly yours,

LAM 023952
