Great -- I had also reached him earlier, and at the end of our call he was re-considering his decision to not participate. Thanks for clinching it. I think he will provide some good, practical advice. Rob

Hi, guys:

I talked to Howard Rockette this afternoon, and he has agreed to be a reviewer. Howard said that he did not have any of the protocols. I promised him that someone will email him the documents ASAP, so that he can join the meeting by phone on Thursday.

I called Patrick and he agreed to take care of sending the protocols to Howard. George should also email him the dial-in information for Thursday.

Thanks for everybody's help.

Otto
