Betreff: RE: WPO PFAS RESTR - Draft agenda and documents WebEx 20 December

Dear all,

In the list of open action points, several points refer to the scope meetings which took place last couple of months. I have combined the results of these discussions in a draft entry text; including a list of questions, see attachment. Especially important are the **proposals for derogations** in different use sectors as this will give guidance to WP7. Originally we agreed to send proposal by the end of November; however I have only received a proposal from [REDACTED] on food contact materials (included in the attached document).

I would like to receive your comments, answers to the questions other ideas by **21 January 2022**. I hope this date if feasible, but we can discuss on Monday. After I have received your feedback, I will organize a meeting to further discuss these topics (online or in person) and possibly formulate further actions to be taken.

Kind regards,

[REDACTED]
