Subject: Request to prepare a restriction proposal on per and polyfluoroalkyl substances (PFAS) in firefighting foams and cooperate with the authorities working on preparation of a 'universal' restriction proposal for PFAS

Dear [REDACTED]

Thank you for your letter concerning a three-month submission delay of the Annex XV Restriction dossier on the PFAS in fire-fighting foams.

We take a good note of the reasons for such a postponement and we are looking forward to receiving the dossier mid-January 2022.

Kind Regards
