To All Members of the LIA-ILZRO Health and Safety Committee:

You will be interested to know that the Board of Directors recently approved the following projects:

LH-75 -- Human Exposure to Particulate Lead Compounds in the Air Under Experimental Conditions -- \$35,000

LH-94 -- A Biochemical Approach to Lead Toxicity -- \$34,280.26

UHL-15 -- Toxicity Study of Ingested Paint Film -- \$9,900

The first Facts Bulletin -- Industrial Hygiene -- is just about ready for the printer and you will be receiving copies as soon as it is off the press. We have incorporated the many valuable suggestions made by you, and for those suggestions my great thanks.

The next Facts Bulletin will be on air pollution and will be prepared as soon as the U. S. Public Health Service's "Three Cities Survey Report" is released. Draft copies will be sent to you as usual.

Very truly yours,

Don G. Fowler
