Dear Page,

I have just received yours of April 15th, addressed to G.K.Foster.

The strike preoccupations prevented me from giving attention to this before [illegible] date.

The "Alley" to which you refer in paragraph five of your memo was, I surmise, one by Wm. Fainel of the Metropolitan Life Insurance Co. His latest dust counts are of two years ago. Mr. Finnemore of the Province of Ontario Health Department is the provincial engineer who also takes such dust measure, but who usually is much inclined to respect the authority of Mr. Fainel in the matter.

Best regards.

Yours very truly,

Jean Edwards, K.C.
