Subject: CSF's Congressional Clays Competition & Industry Challenge
Attachments: 2018 Congressional Clays Competition and Industry Challenge Invite.pdf

It is that time again – time for our annual Congressional Clays Competition (Tuesday, May 15th) & Industry Challenge.

The Industry Challenge on Monday, May 14th is a tournament between teams from the outdoor industry. They have the chance to compete against other industry teams for ultimate bragging rights.

The Congressional Clays Competition is on Tuesday, May 15th, and is a yearly tradition that pits the Democrats against the Republicans in a skeet, trap, and sporting clays competition. A very close friendly rivalry over the past few years, this bipartisan event with Members from the Congressional Sportsmen's Caucus will give one party (will it be the Republicans or the Democrats) ultimate bragging rights.

Please see the attached invite for more information. Limited sponsorship opportunities are still available.

Let me know if you have any questions.

Thanks,
PJ
