We will meet with Kelston-Purina representatives on
Monday, August 30, in room B-303 at 1:00 PM.

Topics to be reviewed are:

1. Possible sources of polychlorinated biphenyls
leading to presence in animal feed formulations.
2. Toxicity of polychlorinated biphenyls.

The following Kelston personnel will attend:

Dr. Daryle Greene - Director of Research - Poultry
Products

Dr. James Williamson - Director of Research -
Agriculture Products

Dr. Morris Cover - Veterinary Medicine

Dr. Robert Dahlgren - Toxicologist

Mr. Leroy Schilt - Director, Regulatory Compliance.
