The Honorable Scott Pruitt
Administrator
Environmental Protection Agency
1200 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Administrator Pruitt:

Thank you for visiting recently with me and the Greater Phoenix Economic Council (GPEC) participants about the importance of Interstate-11 (I-11). GPEC's biennial fly-in included about 70 community and business leaders who met with Executive and Legislative branch officials about the importance of transportation and infrastructure programs. I'm pleased that I-11 has the support of GPEC and so many related organizations across our region. In addition, our participants are excited about the possibility of addressing clean air policies and procedures that burden our region.

As the population expands, it is important that the Trump Administration continues to advocate for policies that advance the Interstate-11 project toward completion. Our coalition is navigating many regulations from federal and local governments as we work to determine the final route and begin construction. We look forward to engaging with you and your staff on the Trump Administration's proposals for improving our nation's infrastructure programs.

We also appreciate your interest in the air quality issues that we discussed. We look forward to working with your team on the location of air quality monitors and related regulator issues. Finally, I believe that GPEC and the Arizona Chamber of Commerce are putting together some ideas for you to follow up on our discussion about Region 9.

Thank you for your friendship and support for I-11 and the other matters we discussed. Please don't hesitate to call if I may be of assistance, or if you would like additional information.

All the best,

K. Michael Ingram
Chairman

*Scott
America is fortunate to
have somebody like you and your talents
to take on the great states of the
country!
Your friend,
Mike*
