Dear Sirs:

As medical advisors to the trustees of the Western States Asbestos Health Plan, we supervise a program of medical surveillance for members of the International Association of Heat and Frost Insulators and Asbestos Workers, jointly sponsored by the union and contractors.

At the present time we are updating our review of the various products used by the trade from a health and safety standpoint. We would appreciate your sending us material safety data sheets and any other technical or medical information on your various products that are used by insulators.

Thank you.

Sincerely,

Barbara L. Kaunhara
Industrial Hygienist
