Samantha:

Thank you for taking time out of a very busy schedule to meet with me and discuss the interests of Arconic and the aluminum industry in the CAFE Mid-Term Evaluation. Your insights into the process were very helpful. As discussed, we would be happy to facilitate a more in-depth discussion with the team at EPA working on the evaluation and answer any questions the group may have regarding the aluminum industry and how our products perform on some of the best cars and trucks in the market. We are particularly interested in ensuring that both EPA and NHTSA have the information needed to make informed decisions.

In the meantime, if you have any further questions of me, please don't hesitate to ask.
