

FOR IMMEDIATE RELEASE

NEW YORK, DECEMBER 28, 1965 - National Lead Company has annouced the following appointments in the paint division, effective January 1. Richard C. Savage has been named production manager and Raymond L. Whitney, technical director. Both will have offices at New York and will serve under the direction of Allan K. Adams, supervisor of paint and vehicle production. Richard J. Marklin has been appointed production manager, Pacific Coast Branch, with offices at San Francisco.

Mr. Savage, recently manager of National Lead's San Francisco and Seattle paint plants, was first employed by the company in 1949 as an industrial paint chemist at Los Angeles. In 1954 he became superintendent of the National Lead Company (Philippines) paint plant at Manila. In 1961 he was named plant manager of National Lead's Seattle plant and in 1964 manager of both the San Francisco and Seattle plants. Mr. Savage attended the University of California, Los Angeles and the University of the Philippines. He is a past president of the Los Angeles Society for Paint Technology.

Mr. Whitney was first employed by National Lead Company in 1937 as a chemist in Technical Service Laboratories at Brooklyn. In 1948 he joined the paint development staff of the company's Research Laboratories and in 1959 he was transferred to the New York office as technical assistant to the supervisor of paint and vehicle production.
