Dear Administrator Pruitt:

The leadership of the Western States Land Commissioners Association (WSLCA), invites you to be a key speaker during our association's annual summer conference to be held in Anchorage, Alaska July 9-12, 2017 at the Hilton Anchorage Hotel in downtown Anchorage. Our organization consists of 23 western states which together manage over 447 million acres of land, mineral right properties, and land beneath navigable waters.

Your knowledge of state lands and advocacy for state's rights is a huge asset to the Washington, D.C. landscape. Obviously, federal land policy, regulation and administration impact our intermingled lands. We appreciate the leadership and focus on sensible federal reforms and management you bring to the current conversation so that we can continue to meet our constitutional mission to provide sustainable income to state beneficiaries, primarily K-12 public education. We hope that you can join us and offer the following speaking opportunities; or please suggest a time that may fit your schedule.
