LONDON - Mr. Brian Garland

BRUSSELS
Mr. G. D. Ingenthron

Gerry, in reference to your June 17 memo on PCBs to Brian, I am attaching two letters that have recently been prepared here which might add to the collection of information you are preparing.

The first letter was written to Congressman Ryan in reply to a letter he sent to E. J. Bock.

The second, to a Mrs. Tucker, St. Louis, was sent out just last week and I think is a good synopsis of our present position here in the U.S.

Regards,

E. V. John
