Dear [REDACTED],

Thank you very much for the meeting, your e-mail and the additional info shared. I will unfortunately not have the possibility to schedule another meeting in the near future but should you wish to share with us additional documents explaining the situation in more detail, I would be happy to receive these.

Kind regards,

Member of Cabinet
Executive Vice-President Frans Timmermans
European Green Deal

European Commission

Subject: Follow-up to yesterday's meeting

Dear [REDACTED],

I was nice meeting you again yesterday together with your colleague [REDACTED] and discuss CSS from a sector-specific angle.

Would it be possible to follow-up with you in the coming days or weeks to provide more input and feedback on the regulatory consequences of the CSS ambition on ingredients, mixtures and articles and related business relationships?

In this respect, I am sharing with you the example of Henna that I mentioned yesterday to illustrate such impacts.

Happy to discuss further and answer any question you might have. Thank you for your kind consideration on whether a follow-up meeting would be possible.

Kind regards,
