Gentlemen,

Thank you again for participating in tomorrows session. As Howard stated, our session is from 3:10pm - 3:55pm and the topic is "Future Implications for Federal Shared Services". I will have a short introduction discussing our topic then introducing each of you guys. If you haven't already done so, please forward me your bio. I would like to have each of you guys speak to the topic for around 5 minutes each, if possible. At that point, we'll start taking questions from the audience. Additionally, I will be putting together some canned questions for you guys. I'll send those over this afternoon.

If you have anything to present, please send it to me at your earliest convenience and I will consolidate everything into one deck. As an FYI, my introduction will focus on outlining our topic which is primarily around where we envision Shared Services heading in the future.

Let me know if you guys would like to have a call today. I'm available the rest of the day if need be. If not, I'll see everyone tomorrow at the conference. If anyone has any issues or needs to talk, feel free to call me at (703) 201-7580.

Thanks,

Todd

Howard, it's looking like we may not have a conference call. I will personally try to contact you tomorrow.

Can you provide any information we might need by email such as the format of panel and the speaking times, and If we are using PowerPoint, where do we send it.

I assume we are all registered for the event as speakers?
