

1 at that time?

2 A Well, his MS Contin was continued and then
3 he was given morphine Elixir, another form of morphine
4 to supplement the MS Contin as needed.

5 MS Contin is a relatively long-acting
6 morphine preparation and morphine Elixir would be used
7 for breakthrough pain in between his doses for MS
8 Contin.

9 Q Then, did there come a time when he was
10 referred to University of Maryland Cancer Center?

11 A Yes.

12 Q I want to show you -- did there come a time
13 when he was referred to the University of Maryland
14 Cancer Center sometime in 1993?

15 A Yes, early 1993.

16 Q Now, this is a discharge summary when he was
17 admitted, February 15, 1993, and he was discharged on
18 February 20th, 1993.

19 You are familiar with the University of
20 Maryland Cancer Center, Dr. Rubin?

21 A I am very familiar with the University of
