ANSWER: (a) Since 1977 S. K. Wellman, pursuant to OSHA regulations, has requested employees working in areas with possible asbestos exposure to undergo annual pulmonary function tests;
(b) See answer to interrogatory 4.02(a);
(c) S. K. Wellman's plant dispensary;
(d) See answer to 4.02 (a);
(e) None;
(f) Plant nurse at S. K. Wellman corporation;
(g) There are no records that exist as to information requested in this interrogatory.

REQUEST FOR PRODUCTION R: Pursuant to CR 34, attach or produce according to the above instructions a copy of the records pertaining in any way to the implementation of the previously identified pulmonary function test programs.

RESPONSE: None available.

4.03 With reference to the pulmonary function testing program described in your answer to Interrogatory No. 4.02, state the frequency (e.g., tests per year or per month) such tests were administered to individual employees (and if frequency varies by categories of employee or if testing policy was modified, indicate when and where the modifications occurred and by what categories).
