Dear Mrs. Campbell:

I am just now getting around to your letter of May 4, but I know you will understand the delay, since we have had such a large amount of correspondence in connection with the distribution of the abstracts.

We will be pleased to add the names of the Ethyl Corporation physicians that you requested. The other names have been, or will be, added.

Registered copy No. 363 has gone to the library of the University of Cincinnati Medical School. I believe this answers your suggestion about their receiving a copy.

I am more than pleased with the recognition we have received from recipients of the Kettering Abstracts, and feel that it is very worthwhile as a publication of L.I.A. Incidentally, so do those many executives of our association, who have had a chance to see it. Many many thanks for your excellent cooperation in all of these matters.

Very best regards.

Very truly yours,

Don G. Fowler
