K. K. K. Notices Scare Negroes; Many Leave

(Associated Press)
WENATCHEE, Wash., Sept.
9.—Negroes in this city were in
a state of excitement and ap-
prehension today following dis-
covery of threatening notices on
doors of a number of their
homes. Notices were signed in
large red letters "K.K.K." Four-
teen notices were posted. So
far as is known none have left
town but one negro said that
"some were thinking of leav-
ing."

of Bonita Baca, and when arrested
in Mexico gave that name.

A detective from the El Paso po-
lice department, who went to Ju-
arez to investigate the case, recog-
nized him from a bulletin issued by
the Los Angeles police as the slay-
er of Detective Sergt. Fitzgerald.
