Dear Mr. Haller:

This will reply to your letter of November 9.

Attached you will find a list of the existing insurance policies covering the operation of Grizzly Manufacturing Company at Paulding, Ohio. There is only one policy that is non-assignable.

Answering the second paragraph of your letter, you are correct in that the title to the automobiles and trucks must be transferred by execution of the assignments on the certificates of title.

We list the automobiles and trucks owned by the Paulding plant as follows:

<u>CARS AND TRUCKS</u>		<u>Motor No.</u>	<u>Serial No.</u>
1951	Studebaker 4-door Sedan	Model H V98605	8194251
1951	International Pick-up	" L-110 8D220-119331	53978
1951	International Truck	" L-195 RD406-23218	17440

Mr. Frank Shelton
Grizzly Manufacturing Company
Paulding, Ohio

Dear Mr. Shelton:

In order that we may prepare the necessary assignments to be executed when the Maresmont purchase is consummated, will you please have prepared and sent to us a list of the existing insurance policies which are to be assigned, showing in each case, the nature of the insurance, the exact name of the insurance company, the number of the policy, the amount of insurance, the date of the policy and the date of expiration thereof. If there are any policies which are not assignable, will you please furnish us with a separate list so that the matter of the issuance of new policies on the closing date can be given consideration.

We assume that the title to automobiles and trucks must be transferred by execution of the assignments on the certificates of title. If this is not correct, will you please advise us, and in any event, will you please have prepared and sent to us a list of the automobiles and trucks owned by Grizzly Manufacturing Company.

Very truly yours,

SONNENSCHIN BERKSON LAUTMANN LEVINSON & MORSE
