FROM: Mr. Arthur T. Gronet

DATE: August 25, 1971

SUBJECT: TS-3801-M
KILNOISE ACOUSTIC PLASTER - Problems and Improvements

With the distribution of the enclosed report, which covers the identification of the competitive Cafco Sound Shield product, the subject technical service file is closed. Total manhours spent was four.

Future work done to modify or redesign the Kilnoise product will be handled between Easton Research and Gibsonburg.
