Thank you. I am copying in Robin and Alex, who can coordinate the best time.

Regards,

Samantha

Good afternoon.

EPA has previously indicated that it is continuing to review the 2015 Ozone NAAQS rule to determine whether the standards should be maintained, modified, or otherwise reconsidered. A number of trade associations representing a broad cross-section of industrial, manufacturing and agricultural sectors would like to request a meeting with you to discuss the views of their memberships on this issue.

Please let me know of any possible times and dates, and I would be able to provide your scheduler with specific information on attendees.

I appreciate your consideration of this request.

Regards

Joe Stanko
