Dear [REDACTED],

Regarding your visit next Monday, kindly note that we are ready to postpone the meeting if it's not possible for you to be fully prepared in order to have a meaningful discussion.

For us it would be important to have your proposed discussion points available by Thursday 23 February, c.o.b., at the very latest.

Many thanks for your collaboration in advance.

With best regards,

Dear [REDACTED],

The date of your visit is approaching fast. In order to be properly prepared, could you please send us your proposals for the discussion topics by the end of this week?

Should you have any questions regarding the practicalities when arriving in Helsinki and ECHA, please do not hesitate to ask me.

Many thanks in advance!

Dear dr. McGuinness,

On behalf of the European Committee for Surface Treatment (CETS), I would like to offer my sincere congratulations on your appointment as Executive Director of ECHA. We wish you every success for the tasks and challenges ahead and are convinced that your many years of profound experience will enable you to master them successfully.

CETS is an international federation of national associations engaged in the supply of technology, chemicals, and paint products to the surface treatment industry. Across Europe, the surface plating industry consists mainly of small and medium-sized businesses. CETS represents several hundred SMEs in the European Union that together provide around 440,000 jobs. In our work for their political representation, we focus particularly on European chemicals policy with a view to (i) internal market issues, (ii) occupational health and safety, and (iii) environmental protection and sustainability.

Over the last years, our association has enjoyed close cooperation with ECHA and has had the opportunity to hold talks with various representatives of the agency, not least also with your predecessor. In July 2021, we had a constructive meeting with Dr Björn Hansen on the interface between REACH and occupational health and safety legislation (OSH).

As there remain challenges to improve chemical safety regulation in Europe, we are keen to offer the expertise our industry has to offer. Therefore, we would be grateful if we could continue the dialogue between our entities in a personal (or virtual) meeting. We would like to propose the following dates for a virtual meeting.:

- Monday, 24th of Oct , 09:00 – 10:00 am CEST
- Wednesday, 26th of Oct, 03:00 – 04:00 pm CEST
- Monday, 7th of Nov, 03:00 – 04:00 pm CET
- Tuesday, 8th of Nov, 09:00 – 10:00 am CET

Of course, we remain open to alternative suggestions, in particular for a personal meeting.

We are looking forward to hearing from you and remain at your disposal for any questions you may have.

Yours sincerely,

On behalf of [REDACTED]

[REDACTED] of CETS aisbl
