EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF SCIENCE AND TECHNOLOGY
WASHINGTON, D.C. 20506

April 26, 1972

Dear Mr. Easley:

Thank you very much for your letter of April 25 in which you tendered the opportunity to hear firsthand your review of the degradation of PCB's in the environment along with other related matters. I have discussed this with the Council on Environmental Quality and with other members of the PCB Task Force. All of these are very receptive to hearing the Monsanto presentation. We have set aside two hours beginning at 1:00 p.m. on May 15, 1972 for this review. We have reserved the main conference room of the Council on Environmental Quality, 722 Jackson Place, N. W., Washington, D. C.

Thank you again for making this offer.

Sincerely,

Edward J. Burger, Jr., M.D.

Mr. K. Warren Easley
Director, Governmental Affairs
Monsanto Industrial Chemicals Company
