velvet-flat finish
for interior walls
and woodwork

FUL-COLOR

MAKES HOME DECORATION

eight WAYS EASIER

Until you try Ful-Color you can't know how easy, how fast, how completely satisfying interior painting can be.

If Ful-Color promised you just one easier way to enduring room beauty—it would merit your thoughtful consideration.

Ful-Color promises you eight easier ways to attain beautiful modern rooms. Eight easier ways—from actual application to walls and woodwork to the "umpteenth" time you wash off hand smudges along a wall surface or finger marks around light switches.

Ful-Color is a new kind of interior paint—a tough rubber latex formulated with hard pigments. As it dries, it self-seals to a smooth hard-wearing surface, utterly unlike any flat wall finish you've ever known.

On your walls the result is profoundly gratifying—a velvet-sheen, glareless, washable finish that will last for years and keep its colors bright and beautiful.

Ful-Color colors are bright and beautiful—decorator-selected to enhance present furnishings or harmonize with any new fabrics you have in mind.

Before you plan any interior painting—talk to your Fuller Paint Dealer about Ful-Color!

Washes clean in a wink.

Grease, smudges and finger prints and ordinary kitchen soil—we tested them all on Ful-Color. They wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.

Easiest-to-apply paint you've ever known.

Whether your Painter or your husband applies it—Ful-Color brushes or rolls with amazing ease and speed on plaster, wallpaper, wallboard and woodwork.

Dries in one hour!

Dries to touch in 30 minutes! Dries so thoroughly in an hour you can rehanging pictures or curtains. Actually you can redecorate a room in one day with Ful-Color. No objectionable odor! Use your room that night!

All these eight remarkable qualities in this one flat wall and woodwork paint

1. **WASHES EASY.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
2. **FROM ONE PAINT.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
3. **WASHES EASY.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
4. **FROM ONE PAINT.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
5. **WASHES EASY.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
6. **FROM ONE PAINT.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
7. **WASHES EASY.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.
8. **FROM ONE PAINT.** Grease, dirt, "finger prints" and ordinary kitchen soil—wash away clean in a wink with ordinary soap and water without destroying Ful-Color's velvet-soft finish.

If you need a reliable Painting and Decorating Contractor your Fuller Paint Dealer will give you the names of several.

Everything you've ever wanted in a flat interior paint
