We should attempt to clear up our imbalance with Conoco during August. Conoco owes Tenneco 4,231,320 lbs. Also during August we are shipping about 3.9 MM lbs (26 cars) of VCM to Diamond for Conoco. Therefore, during August we need to ship from Conoco's plant at Lake Charles about 8.1 MM lbs. of VCM. I understand that through August 10 we have shipped 1.6 MM lbs. from Lake Charles. Thus, during the remainder of the month we need to ship 6.5 MM lbs. or 24 jumbo tank cars.

Please advise me if you anticipate any problem in shipping this much material from Lake Charles to Burlington and Flemington.
