Albie,

I'll see if I can get a meeting on the schedule. Are they flexible about time of day? Would 30 minutes be enough time?

FYI

Chevron has asked if they could meet with the Secretary when John Watson, Chevron Chairman and Chief Executive Officer, and Jeff Shellebarger, President of Chevron North American Exploration and Production Company, on Tuesday, March 21, 2017. when they will be in Washington. Mr. Shellebarger is a Member of the USOGA Executive Committee.

Considering the talent of the senior most executives at all the major oil companies I cannot think of two better people to discuss regulatory reform or who have a more knowledgeable perspective on global oil and gas developments. Of course, they would also be prepared to discuss issues on Secretary Zinke's agenda.

If there is any way I can help make this happen let me know. I know that the Secretary would enjoy and benefit from hearing Mr. Watson's and Mr. Shellebarger's perspective.

I hope you can help make this happen.

Thanks Jim.
