INTRODUCTION

This listing contains publications of the National Institute for Occupational Safety and Health that have been developed for relatively widespread public distribution. Each is free upon request. For the most part, they are publications of a non-technical nature.

General questions concerning the work of the National Institute for Occupational Safety and Health, and requests for publications, should be directed to either of the addresses below:

Office of Public Information
National Institute for Occupational
Safety and Health
Post Office Building, Room 536
Cincinnati, OH 45201
Tel.: 513 684-2700

or

Office of Public Information
National Institute for Occupational
Safety and Health
5600 Fishers Lane, Room 10A-22
Rockville, MD 20852
Tel.: 301 443-2140

(Please include a self-addressed label to assist us in expediting your request.)

This listing will be up-dated and redistributed as new publications are developed.

Theodore Schoenborn
Acting Director, Office of
Public Information

LLA 000246

KIT OF BASIC NIOSH REFERENCE MATERIALS

Basic materials concerning the Occupational Safety and Health Act of 1970 and the NIOSH program. Contains article reprints, fact sheets, and related summary material.

FILMS AND FILMSTRIPS ON OCCUPATIONAL SAFETY AND HEALTH

Listing of occupational safety and health films and filmstrips compiled to provide interested individuals and groups with a current reference to loan-free audio-visual aids. Includes a listing of organizations that offer rental and purchase occupational safety and health audio-visual aids.

OCCUPATIONAL DISEASE--THE SILENT ENEMY

General pamphlet covering various aspects of occupational diseases.

TUNNEL WORKERS AND DECOMPRESSION ILLNESS

6 pages. Pamphlet for tunnel workers discussing the health aspects of decompression illness. The pamphlet discusses the "bends," prevention and treatment, and other guidelines for workers.

WORKING WITH INDUSTRIAL SOLVENTS

8 pages. For use by workers using organic industrial solvents. Pamphlet includes a discussion of the nature of solvents, health problems, control of exposure, and the actions of employers and employees.

WORKING WITH LEAD IN INDUSTRY

6 pages. Informational pamphlet for lead workers. Discusses the health aspects of their work, lead usage, health hazards, proper controls, and possible action by employers and employees.

WELDING SAFELY

8 pages. Information pamphlet for welders. Discusses the health aspects of welding operations. Pamphlet includes a discussion of health hazards, control methods, and possible actions by management and workers.

JOB SAFETY AND HEALTH SERVICES

4 pages. Discusses the services NIOSH can offer to private industry and other government agencies and where these services can be obtained.

LLA 000247

WORKING WITH CUTTING FLUIDS

6 pages. Discusses what cutting fluids are, how they are used, how they may affect the worker, and methods for control.

WORKING WITH SILVER SOLDER

6 pages. Pamphlet covering potential health hazards to workers using silver solder.

PREVENTING DERMATITIS IF YOU WORK WITH EPOXY RESINS

19 pages. Intended for the worker and includes recommended precautions for handling epoxy resins. Discusses plant housekeeping procedures and personal hygiene practices.

WORKING WITH CHLORINE

6 pages. Describes uses of chlorine, its effect on the body, and how to control chlorine exposures. Provides tips for management and workers.

WORKING WITH AMMONIA

5 pages. Defines ammonia, its use, its effect on the body and provides helpful suggestions to management and employees.

ULTRAVIOLET RADIATION AND THE WORK ENVIRONMENT

4 pages. Explains the effects of ultraviolet radiation, how to control exposure and management's and worker's responsibilities.

WORKING WITH MERCURY IN INDUSTRY

6 pages. Explains the history of mercury, discusses its uses, its effect and methods for control. Also included is management responsibilities and worker responsibilities.

INDUSTRIAL EXPOSURE TO OZONE

5 pages. Discusses where ozone can be found, its effect, control methods, symptoms of exposure and suggestions to management and employees.

WORKING WITH FORMALDEHYDE

5 pages. Discusses how formaldehyde is used, its effects, control methods, and responsibilities of management and workers.

CAUTION: ASBESTOS DUST...is hazardous to your health!

15 pages. Gives a step-by-step description of asbestos and its uses. Explains the health hazards for everyone having contact with asbestos dust.

A LEARNING EXPERIENCE IN OCCUPATIONAL SAFETY AND HEALTH

12 pages. Course listing for NIOSH's Division of Training for FY 1974, June 1973-July 1974.

WHEN A COAL MINER DIES - The National Coal Workers' Autopsy Study

Describes the service program for survivors of coal miners authorized by the Federal Coal Mine Health and Safety Act of 1969.

DIRECTORY OF GOVERNMENTAL OCCUPATIONAL SAFETY AND HEALTH PERSONNEL

Annual listing of local, State and Federal agencies engaged full or part-time in occupational safety and health activities.

COMMUNITY HEALTH NURSING FOR WORKING PEOPLE

60 pages. A guide for setting up and maintaining an in-plant health service in small plants.

ON-THO-JOB SAFETY RULES FOR POWER TOOL

A joint publication by the Power Tool Institute, Inc., National Association of Home Builders, the United Brotherhood of Carpenters and Joiners of America, and NIOSH. Presents through drawings and narration the rules for power tool use in occupational settings.

THE PRESIDENT'S REPORT ON OCCUPATIONAL SAFETY AND HEALTH

A report on the year's progress by the Department of Labor (OSHA) and the Department of Health, Education, and Welfare (NIOSH) in implementing the Occupational Safety and Health Act of 1970. Available in single copies only.

ANNUAL REPORT OF THE FEDERAL COAL MINE HEALTH AND SAFETY ACT

This annual report describes the activities of NIOSH (DHEW) in carrying out health responsibilities under the Federal Coal Mine Health and Safety Act of 1969.

THE HAZARD EVALUATION PROGRAM OF NIOSH

12 pages. Explains the NIOSH program of conducting hazard evaluations in places of work when requested by employers and employee representatives under the Occupational Safety and Health Act of 1970.

RESEARCH AND DEMONSTRATION GRANTS

Describes the research and demonstration projects currently supported by NIOSH grants.

THE TOXICOLOGY OF BERYLLIUM

50 pages. Summarizes the current state of knowledge of beryllium toxicity and discusses how beryllium and its compounds can be used safely with proper engineering and medical control measures.

PROTECTING THE HEALTH OF COAL MINERS--AN INTERAGENCY APPROACH

17 pages. Describes the liaison arrangements of NIOSH and the Bureau of Mines and the principal health protective measure of the Act (respirable dust standards). A review of compensation features of Title IV for disabled miners and their survivors is also presented.

NIOSH CONTRACTS AND RESEARCH AGREEMENTS

This publication describes the Institute's contracts, P.L. 480 agreements, and interagency agreements.

LLA 000250

THE FOLLOWING NIOSH PUBLICATIONS ARE NOW AVAILABLE ONLY FROM THE NATIONAL TECHNICAL INFORMATION SERVICE, Springfield, Virginia 22151 and the GOVERNMENT PRINTING OFFICE, Washington, DC 20402. Your check must accompany your order and allow 3 to 4 weeks for delivery.

✓ CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO ASBESTOS

125 pages. Recommends control of worker exposure to asbestos. GPO Order No. 1733 00009, \$2.10 each. NTIS Order No. PB 209-510, \$3.00 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO BERYLLIUM

122 pages. Recommends control of worker exposure to beryllium. GPO Order No. 1733 00011, \$2.10 each. NTIS Order No. PB 210-806, \$3.00 each, microfiche \$1.45.

✓ CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO HOT ENVIRONMENTS

113 pages. Recommends control of worker exposure to hot working environments. GPO Order No. 1733 00010, \$1.25 each. NTIS Order No. PB 210-79-1, \$3.45 each, microfiche \$1.45.

✓ CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO CARBON MONOXIDE

124 pages. Recommends control of worker exposure to carbon monoxide. GPO Order No. 1733 00006, \$2.00 each. NTIS Order No. PB 212-628, \$3.00 each, microfiche \$1.45.

✓ CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO NOISE

152 pages. Recommends control of worker exposure to noise. GPO Order No. 1733 00007, \$2.00 each. NTIS Order No. PB 213-463, \$3.00 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO ULTRAVIOLET RADIATION

97 pages. Recommends control of worker exposure to ultraviolet radiation. GPO Order No. 1733 00012, \$1.25 each. NTIS Order No. PB 214-268, \$3.00 each, microfiche \$1.45.

✓ CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO INORGANIC LEAD

100 pages. Recommends control of worker exposure to inorganic lead. GPO Order No. 1733 00013, \$1.25 each. NTIS Order No. PB 214-265, \$3.00 each, microfiche \$1.45.

LLA 000251

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO COKE
OVEN EMISSIONS

68 pages. Recommends control of worker exposure to coke oven emissions. GPO Order No. 1733 00014, \$0.95 each. NTIS Order No. PB 216-617, \$4.50 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO TOLUENE

95 pages. Recommends control of worker exposure to toluene. GPO Order No. 1733 00019, \$1.25 each. NTIS Order No. PB 222-219, \$5.45 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO CHROMIC
ACID

80 pages. Recommends control of worker exposure to chromic acid. GPO Order No. 1733 00020, \$1.10 each. NTIS Order No. PB 222-221, \$5.45 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO TOLUENE
DIISOCYANATE

97 pages. Recommends control of worker exposure to toluene diisocyanate. GPO Order No. 1733 00021, \$1.25 each. NTIS Order No. PB 222-226, \$5.45 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO INORGANIC
MERCURY

127 pages. Recommends control of worker exposure to inorganic mercury. GPO Order No. 1733 00022, \$1.50 each. NTIS Order No. PB 222-228, \$5.45 each, microfiche \$1.45.

CRITERIA FOR A RECOMMENDED STANDARD - OCCUPATIONAL EXPOSURE TO
TRICHLOROETHYLENE

105 pages. Recommends control of worker exposure to trichloroethylene. GPO Order No. 1733 00023, \$1.30 each. NTIS Order No. PB 222-222, \$5.45 each, microfiche \$1.45.

ANNUAL LIST OF TOXIC SUBSTANCES--1973

1001 pages. A listing of potentially hazardous materials, serving as a guide for research needed in setting new occupational health standards. GPO Order No. 1733 00016, \$7.90 each.

Office of Public Information

LLA 000255

KIT OF BASIC NIOSH REFERENCE MATERIALS

Basic materials concerning the Occupational Safety and Health Act of 1970 and the NIOSH program. Contains article reprints, fact sheets, and related summary material.

FILMS AND FILMSTRIPS ON OCCUPATIONAL SAFETY AND HEALTH

38 pages. Listing of occupational safety and health films and filmstrips compiled to provide interested individuals and groups with a current reference to loan-free audio-visual aids. Included also is a listing of organizations that offer rental and purchase of occupational safety and health films and filmstrips.

OCCUPATIONAL DISEASE--THE SILENT ENEMY

General pamphlet covering various aspects of occupational diseases.

TUNNEL WORKERS AND DECOMPRESSION ILLNESS

6 pages. Pamphlet for tunnel workers discussing the health aspects of decompression illness. The pamphlet discusses the "bends," prevention and treatment, and other guidelines for workers.

WORKING WITH INDUSTRIAL SOLVENTS

8 pages. For use by workers using organic industrial solvents. Pamphlet includes a discussion of the nature of solvents, health problems, control of exposure, and the actions of employers and employees.

WORKING WITH LEAD IN INDUSTRY

6 pages. Informational pamphlet for lead workers. Discusses the health aspects of their work, lead usage, health hazards, proper controls, and possible action by employers and employees.

WELDING SAFELY

8 pages. Informational pamphlet for welders. Discusses the health aspects of welding operations. Pamphlet includes a discussion of health hazards, control methods, and possible actions by management and workers.

LLA 000256

WORKING WITH CUTTING FLUIDS

5 pages. Discusses what cutting fluids are, how they are used, how they may affect the worker, and methods for control.

DIRECTORY OF GOVERNMENTAL OCCUPATIONAL SAFETY AND HEALTH PERSONNEL

Annual listing of local, State and Federal agencies engaged full or part time in occupational safety and health activities.

COMMUNITY HEALTH NURSING FOR WORKING PEOPLE

66 pages. A guide for setting up and maintaining an in-plant health service in "small" plants.

WORKING WITH SILVER SOLDER

5 pages. Pamphlet covering potential health hazards to workers using silver solder.

PREVENTING DERMATITIS IF YOU WORK WITH EPOXY RESINS

12 pages. Intended for the worker and includes recommended precautions for handling epoxy resins. Discusses plant housekeeping procedures and personal hygiene practices.

OCCUPATIONAL HEALTH AND SAFETY LEGISLATION

360 pages. Revised edition. Consists of citations and excerpts or digests of State laws and regulations dealing with occupational safety and health. This publication is intended primarily as a guide to State legislation and regulations dealing with the health and safety of workers at their places of employment.

PREVENTING ACCIDENTAL OZONE POISONING IN WORKERS

5 pages. Pamphlet discusses sources of ozone exposures, effects of ozone poisoning, and recommends precautions to prevent illness. Intended for employees and employers.

PUBLIC HEALTH NURSING IN INDUSTRY

5 pages. A guide to nursing opportunities in industry.

ANNUAL LIST OF TOXIC SUBSTANCES--1970

572 pages. A listing of potentially hazardous materials. Serving as a guide for research needed in setting new occupational health standards. Publication required annually by the Occupational Safety and Health Act of 1970.

LLA 000257

THE PRESIDENT'S REPORT ON OCCUPATIONAL SAFETY AND HEALTH

A report on the year's progress by the Department of Labor (OSHA) and the Department of Health, Education, and Welfare (NIOSH) in implementing the Occupational Safety and Health Act of 1970. Available in single copies only.

ANNUAL REPORT OF THE FEDERAL COAL MINE HEALTH AND SAFETY ACT

This Annual report describes the activities of NIOSH (DHEW) in carrying out health responsibilities under the Federal Coal Mine Health and Safety Act of 1969.

THE HAZARD EVALUATION PROGRAM OF NIOSH

12 pages. Explains the NIOSH program of conducting hazard evaluations in places of work when requested by employers and employee representatives under the Occupational Safety and Health Act of 1970.

RESEARCH AND DEMONSTRATION GRANTS

Describes the research and demonstration projects currently supported by NIOSH grants.

TRAINING GRANTS

Describes NIOSH supported training grant programs underway in colleges and universities across the nation.

THE TOXICOLOGY OF BERYLLIUM

50 pages. Summarizes the current state of knowledge of beryllium toxicity and discusses how beryllium and its compounds can be used safely with proper engineering and medical control measures.

ON-THE-JOB SAFETY RULES FOR POWER TOOLS

4 pages. A joint publication by the Power Tool Institute, Inc., National Association of Home Builders, the United Brotherhood of Carpenters and Joiners of America, and NIOSH. Presents through drawings and narration the rules for power tool use in occupational settings.

PROTECTING THE HEALTH OF COAL MINERS--AN INTERAGENCY APPROACH

17 pages. Describes the liaison arrangements of NIOSH and the Bureau of Mines and the principal health protective measure of the Act (respirable dust standards). A review of compensation features of Title IV for disabled miners and their survivors is also presented.
