PRIVILEGED COMMUNICATION
CORRESPONDENCE WITH
ATTORNEY

April 5, 1974

To: Mr. S. R. Stevinson

Subject: Aerosol Formulations Containing Vinyl Chloride

I believe we should discuss the advisability of having Mr. Noble prepare a summary of his activities in withdrawing subject formulations from the market over the period 1971-73, in light of the public statements Clairol has recently made.

If we agree this should be done, we may have to move very promptly.
