Cincinnati 19, Ohio

Dear Doctor:

[REDACTED] arate we have forwarded blood and urine on our employee,
[REDACTED] en I You will recall that we have already sent a urine
[REDACTED] a letter. We will now bring his history up to
date:

The employee was absent since 12-6-48, which absence was unreported. A representative of the company visited his home on 12-8-48 and was informed that he had left for work and he had a bad cold. However, the patient did not report for work that date and the possibility of his being intoxicated was investigated.

On 12-9-48 he appeared at our Medical Division and claimed that on 12-5-48 he developed a generalized aching of legs, neck and head, with feverishness. It was noted that he had a dry cough. He denied drinking on 12-8-48 and stated that he had a cold for two weeks and has had no "pep" for the past two months although he felt well on 12-2-48. He has no trouble with his bowels and is sleeping well, but claims he is exhausted in the A.M. He is not working at present.

Kindly favor us with your report in signed duplicate together with a single bill.

Very truly yours,

F. B. Langer, M.D.
