

ETHYL CORPORATION

INTER-OFFICE CORRESPONDENCE

TO	Dr. R. A. Kehoe	ADDRESS	Cincinnati
FROM	J. E. Boudreau	ADDRESS	New York
SUBJECT	Smog - Talks by Chandler Phillips	DATE	December 9, 1955

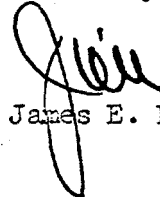

Dear Bob:

For the past several months a man named Chandler Phillips has been giving a series of talks on the West Coast on the subject of smog. Various detailed reports are attached which will present pretty clearly his philosophy.

Because of the prominence he has given to the aspects of tetraethyl lead, we are being pressed repeatedly by major customers on the West Coast to render an opinion or take some action.

I realize that this is not a matter that can be handled by mail and I would appreciate very much getting together with you in Cincinnati sometime next week. Friday is the only day that I can't make it. At any rate, when you receive my letter would you be good enough to drop me a wire letting me know when you can see me.

Sincerely,

James E. Boudreau
