Dear Dr. Luthra:

Enclosed is a copy of a product questionnaire for Vista ALFOL 6 Alcohol. I have supplied the majority of the information requested. I recently sent you a similar questionnaire on ALFOL 12 Alcohol and described a problem with the vendor guarantee. The same question exists with this questionnaire, and I would like to do the same thing I outlined to you in my letter of November 5 (attached).

Once again, please feel free to call me if you have questions regarding this issue.

Sincerely,

Dear Dr. Luthra:

Enclosed is copy of a product questionnaire for VISTA ALFOL 12.
I have supplied the majority of the information requested. However,
the vendor guarantee statement on page 3, appears to be out of date.
In reviewing the FD & C Act, we cannot find a Section 404, and Section
505 has been repealed. Although we should have no problem guaranting
our product unadulterated as defined in the Act, would you please
supply us with the specific citation of the Act you are concerned
about? At that time, we will complete and sign the questionnaire.

Please feel free to call me if you have questions regarding this
matter.

Sincerely,

Thomas G. Grumbles
