for interior floors

use Rubber Cement Floor Paint

IT'S just like a coat of enamel—hard, bright, glossy, elastic. Every housewife wants clean, sanitary, spic-and-span floors, even though they may not be hardwood. Rubber Cement Floor Paint makes that easily possible.

Applied to soft-wood floors, Rubber Cement Floor Paint withstands an unbelievable amount of abuse—scuffing and pounding of many feet, moving of chairs and furniture, spilling of liquids. Your floor withstands all these. It is easily cleaned and frequent washing does not injure the color or gloss.

This is because Rubber Cement Floor Paint is a combination of very high grade varnish and just enough pigment to produce the color desired, and give it "hiding" quality. Thus it forms a very tough, elastic film which dries overnight and lasts long. There are 14 colors to choose from.

Plan now to re-paint your soft-wood floors with Rubber Cement Floor Paint, one of the most widely used and popular Fuller Products.

Our new book "HOME PAINTING" will tell you just the paint or varnish to use—how to use it. Tear out this advertisement, write your name and address on the margin, mail it to us, and you will receive a copy FREE, BY RETURN MAIL.

75 years

paint-making experience is back of every Fuller Product—a positive assurance of satisfaction.
