Attention: Plant Manager

Dear Sir:

On the 13th and 14th of March, 1973 our Chemical Specialist, Engineering Supervisor Dave Bhatia and Field Assistant Steven Tuttle conducted an air sampling survey and in selected hoods measured the air velocity.

The results of the survey and measurements along with an evaluation are included in the Industrial Hygiene Engineering Report enclosed with this letter.

If we can be of any further assistance, please feel free to contact this office.

Very truly yours,

Kenneth W. Macon
Engineering Representative
