Subject: SMFMA Membership, Industrial Health Foundation, Inc.

Dear Bart:

Attached, Mr. Treasurer, is a letter from Harry Bowman and an attached invoice for $125.00 covering SMFMA's dues through March 1972.

Since our Company maintains a full paid membership in Industrial Health Foundation, Inc., no specific benefit enures to us by the Association maintaining a separate membership.

May I ask that you and Lee discuss whether Association membership in the Industrial Health Foundation will be of sufficient benefit to your two companies to justify the $125.00 dues. If so, please arrange for payment and simply advise me of the action taken. If not, I would appreciate your sending a considerate letter of explanation relating to the financial problems our little Association faces.

In any event, our Company will support whatever decision you and Lee make in the matter.

Yours very truly,

SPRAYED MINERAL FIBER MANUFACTURERS ASSOC., Inc.
