To File - Reports to National Response Center ("Superfund") 7-23-81-1-13
From C. W. Turner
Date July 24, 1981
Subject G-101 VCM TRANSFER PUMP MECHANICAL SEAL FAILURE - JULY 23, 1981

At 3:30 P.M. on July 24, 1981, I notified the National Response Center of the VCM release that occurred at 4:00 P.M. on July 23, 1981, as a result of the G-101 VCM transfer pump double mechanical seal failure. Attached are:

1. The list of questions that I was asked by the National Response Center and my response to each question.
2. A discussion of the events leading up to the seal failure.
3. Documentation of the basis for estimating the size of the VCM release.
