Make her kitchen a pride and joy.

Perhaps nothing is more disheartening to a housewife, more trying to her nerves, than a dark, dingy, unattractive kitchen. And nothing is easier of correction.

B-H Satin Egg Shell Finish on the walls—any one of 12 artistic shades—and B-H Gold Seal White Enamel on the woodwork will turn her kitchen into a room to be proud of—one to invite friends to inspect.

Be sure to think of Bass-Hueter when considering a painting job—whether a room or an entire house—inside work or out. The B-H line contains paints, varnishes, stains, enamels, in fact preparations for every painting use.

Our Home Beautiful Department will gladly send you valuable and helpful suggestions. Write us.

the benefit of the Civic Center at the Y. W. C. A. on Wednesday afternoon, April 26, at 2 o'clock sharp. Captain Ellicott has chosen a subject of remarkable interest and appeal. He will talk on "Personal Contacts and Incidents Connected With the Rulers of Yesterday and Today." Democratic America knows little about the throes and crown heads of Europe, their affairs and personalities, and Captain Ellicott, who has met the King of England, the King of Spain, the King of Portugal, the King of Belgium and many other foreign rulers, is particularly well qualified to outline the characteristics of some of the world's greatest figures. It is hoped that the public will lend their whole hearted support to the lecture, not only for its educational value, but for the benefit of the Civic Center.

The term "a man of straw" comes to us from the times when there used to be a class of persons who attended the law courts prepared to give evidence in any casual to any effect—for a consideration. To indicate their profession they used to wear wisps of straw in their shoes.
