Cincinnati, Ohio
U. S. A.

Dear Doctor Kehoe:

Both Mr. Lewis and myself have discussed medical arrangements in Aruba with Dr. R. C. Carrell who is willing to undertake the periodic examinations of the men employed in the Ethyl Blending Plant.

I have explained what is required to Dr. Carrell and have told him that you will send him copies of the various reprints in English and other information on the subject. Dr. Carrell would very much like to receive this material as well as other information from you before January 15 as he is expecting the visit of representatives of the New York Medical Department and would like to discuss the matter with them on their arrival.

Sincerely yours,

ERG/hfj
