

LEAD INDUSTRIES ASSOCIATION, INC.

182 MADISON AVENUE

NEW YORK 17, N. Y.

October 4, 1962

To Members of the Health and Safety Committee:

Our first meeting has been set for Tuesday, November 13 at 10:00 a.m. and will be held in The Drake Hotel at Chicago. We expect the meeting to last into the afternoon and have accordingly made luncheon arrangements with the hotel and will expect that you will attend. Unless I hear from you to the contrary, these arrangements including the luncheon will stand.

One of our members sent in an item from the "Pittsburgh Press" of September 17, 1962, which I think is typical journalism and a copy of which I am enclosing for your edification. I have not as yet been able to obtain a copy of the article referred to but as soon as it comes in I will send a copy to you.

The agenda for our initial meeting together with other material of interest will reach you shortly.

Very truly yours,

Don G. Fowler
