Attn: Mr. E. C. Jones
Purchasing Department

Gentlemen:

This will confirm information relayed to you during our meeting of February 7 wherein I advised you of the merger of Philip Carey Company, Cincinnati, Ohio into The Celotex Corporation with headquarters at Tampa, Florida.

In view of above, you may want to review your insulation standards covering the following products to show the new corporate name, The Celotex Corporation:

Code 102 - Careytemp Insulation
Code 502 - MW-50 Cement
Code 502.1 - MW-One Cement
Code 701 - 45# Fiberglas Asbestos Base Sheet
Code 706 - Thermotex B
Code 803 - Fibrous Adhesive

At the appropriate time, I will be in contact with you for the purpose of introducing our impending new inhibited insulation product.

Yours truly

F. A. Dathe
Industrial Sales
