Louisville, Kentucky 40228

Dear Mr. Hogan :

A leave of absence is hereby extended per your request of R. J. Grahek
through August 4, 1979.

You should report for your scheduled shift on August 5, 1979
or advise us, prior to that time, of your inability to do so. Consideration
will be given to any request you may make for an extension of this leave if
it becomes necessary. You should make arrangements with your General Fore-
man if you are able to return to work prior to August 5, 1979.

Failure to report for work at the end of this leave of absence, or at the
end of any extension which may be granted, may result in your dismissal.
Employees should also realize that during this period of absence they are
not to engage in any other type employment without prior approval by the
company.

You should report to our dispensary at 8:00 a.m. on August 3, 1979 for
medical approval to return to work. Your earlier return, or later return if
properly extended, should likewise be approved. When you report to the dis-
pensary you should bring with you a statement from your personal physician
as to your fitness to return to work.

This leave of absence was requested, and is granted, because of an illness
and is in no way connected with your employment with us.

Sincerely,

Karen D. Hicks
Employment Supervisor
