Dear Doctor Kehoe:

It was fine to have received your letter of November 2. Many times since I had the pleasure of meeting you in Chicago last February, I have thought of you and the work you are doing in Ohio.

You will be interested to know that we are, at present, negotiating with Dr. Raymond Hussey, to whom we have offered the position of Director of our School of Industrial Health. The negotiations are far enough along so that we are hopeful that a formal announcement that he has become associated with us will be possible soon. If Dr. Hussey joins our faculty, I am sure he would like to represent us at your April meetings, if you desire.

Kind personal regards.

Cordially yours,

Edgar H. Norris, M.D.
Dean
