I had this out to check on information, and the remainder of the work sheets were mailed before I got it replaced.

I apologize for the inconvenience.

Sincerely yours,

Dear Ms. McLaren:

We have received your completed employee worksheets. We thank you and your staff for the time and effort spent on providing us with the requested information.

Work has not yet begun on the actual data, but from an initial scanning of the worksheets, everything appears to be in good form. If questions arise, I will be back in touch with you.

Again, thank you for your time.

Very truly yours,

Deborra Samuels
Project Coordinator
