Dear Bob:

Thank you for the copy of the final report on TML. I would like four additional copies of this if they are available. *sent*

In connection with the idea expressed on Page 2 of your letter as to further observations in respect to TML, I would personally oppose our Company's undertaking any part of this since it seems to me that we have covered the area sufficiently for Company purposes. This, of course, is my own personal view and I have not discussed the matter with other people in the Company.

Sincerely yours,

L. E. Curtis
