Subject: URGENT Query from VICE News: Flooding on the 3rd floor of EPA HQ

Hi EPA Press,

We're seeing reports of sewage leaking out of a water fountain on the third floor of EPA headquarters in Washington, D.C.

Is this photo of that leak?

<https://twitter.com/safeclimatecamp/status/941692187544342528>

If so, how bad is the problem and is it contained? Are employees able to work?

Best,

Alex
