Paint Made for Use in California.

We sell the famous Bass-Hueter pure paints because they are made for California's climatic conditions and because they are the only paints that will not fade, crack or peel in a dry, warm climate.

Eastern paint manufacturers consider severe frost and abundant moisture and produce an article not adapted for use in this State.

Bass-Hueter paints are more economical than other paints because they last longer, look better and because they cover a greater surface.

We are agents for Lusterlac—the best finish for floors, furniture and woodwork.

Brushes, varnishes, wallpaper and oils can be bought here cheaper than the lowest priced store can sell them.
