Dear Dr. Winslow:

The latest report from Mr. Hoyt is that his Reviewing Committee will meet in Chicago next Tuesday and he expects to turn over to us the comments of the Foundry Associations on the report on "Health Protection in Sand Blasting and Metallic Abrasive Cleaning." There were only two or three of us together yesterday afternoon, but you will receive a separate letter asking for an opinion on a meeting of the Executive Committee (other committee meetings the previous day) June 13th. One of our reasons for suggesting the early meeting in June is to bring to the attention to the Administration and Executive Committees the report of our Reviewing Committee, and before you leave for Europe.

I will write you when the Reviewing Committee of the Foundry Associations has turned over their report to us, and the results of our questionnaire to our own Committeemen.

Sincerely yours,

W. H. Cameron
Managing Director
