

flames can be cooked, and a fire started about the past medium to suit the individual and the steps of the way be tastes of the guests.

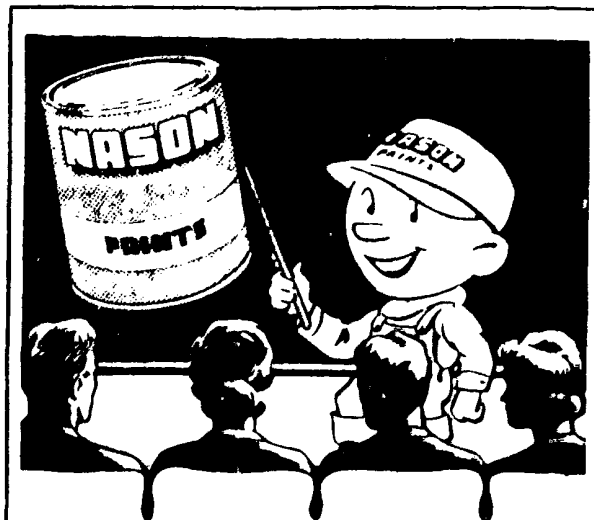

The barbecue pit features a Perkins stove, a large charcoal stainless steel and operated about 100 degrees. The mesh that can be lowered into the pit, or raised high enough to allow the steaks to be thoroughly broiled, permits who want their steaks cooked just enough to be served.

Places for persons who prefer to sit at the tables, and appetites were not better than the others. The food was better than the others, and the service was better than the others.

Miss Perkins, who is married to Mr. Perkins, is a native of the United States, and is a graduate of the University of California. She is a member of the National Association of Home Builders, and is a member of the National Association of Home Builders.

There are approximately 100,000 homes in the United States, and the National Association of Home Builders is the largest organization in the United States.
